# Ward Alhadid

## ABOUT

As a dedicated and passionate web developer, I am eager to make my mark in the industry and take my career to new heights. With a deep-seated love for technology and programming, It was not until 2021, when I discovered freeCodeCamp, that I truly fell in love with coding and the problem-solving aspect of it. Since then, I have honed my skills in Javascript and framework and I am confident that I possess the expertise and knowledge necessary to land my first job in the field. With a strong work ethic, a commitment to excellence, and a passion for learning, I am excited to take on new challenges and grow both personally and professionally as a web developer.

## PROJECTS

### Portfolio Website

[wardalhadid.com](https://wardalhadid.com)

A Website that showcases my projects with links to my GitHub, LinkedIn, Resume, and Contact Information. The Web App was built using Next JS and Tailwind Css.

### Expenses Tracker

A Web app that allows multiple users to Add, Edit, Update, and View their expenses. The web app was built using the MERN stack with React-Router and Redux state management, Tailwind Css and Flowbite components.

### Dual Keys Caesar Cipher

[shorturl.at/rFLW8](https://shorturl.at/rFLW8)

A dual keys instead of the regular one key Caesar Cipher Encrypter-Decrypter built with HTML, CSS, Bootstrap, and JavaScript.

### SupaNotes

[shorturl.at/deUW5](https://shorturl.at/deUW5)

Notes web app that allows users to login, create, edit, and delete notes. built with Next.js, daisyui, PlanetScale, Prisma and tRPC
