Ward Alhadid

ABOUT

As a dedicated and passionate web developer, I am eager to make my mark in the industry and take my career to new heights. With a deep-seated love for technology and programming, It was not until 2021, when I discovered freeCodeCamp, that I truly fell in love with coding and the problem-solving aspect of it. Since then, I have honed my skills in Javascript and framework and I am confident that I possess the expertise and knowledge necessary to land my first job in the field. With a strong work ethic, a commitment to excellence, and a passion for learning, I am excited to take on new challenges and grow both personally and professionally as a web developer.

PROJECTS

Portfolio Website

wardalhadid.com

A Website that showcases my projects with links to my GitHub, LinkedIn, Resume, and Contact Information. The Web App was built using Next JS and Tailwind Css.

Expenses Tracker

A Web app that allows multiple users to Add, Edit, Update, and View their expenses. The web app was built using the MERN stack with React-Router and Redux state management, Tailwind Css and Flowbite components.

Dual Keys Caesar Cipher

shorturl.at/rFLW8

A dual keys instead of the regular one key Caesar Cipher Encrypter-Decrypter built with HTML, CSS, Bootstrap, and JavaScript.

TinDog

shorturl.at/mpsS6

Tinder landing page clone using HTML and Bootstrap.
